

## The Wave

Splash!!!

wave after wave comes and goes

But the people stay

Person after person comes but

Never leaves

two kids, brother and sister

entered on that fateful day,

and swam farther and farther

Suddenly...

Whoosh!!!!!!

The wave wipes them out

Air leaves their lungs

They struggle for air

Tweet!! Tweet!!

The whistle blows

The struggle continues

Whoosh!!!!!!

Will they make it?

Their life flashes before their eyes

Birthdays, houses, schools

They breathe in a lungful of air

In, out In, out

Tweet, Tweet,

The whistle blows

They find a ladder

Waves come, fast and furious,  
They climb, battling the waves  
They make it
