## **Calls to action**

National organizations that work for justice within our criminal justice system:

**Equal Justice Initiative** The Equal Justice Initiative is a private, nonprofit 501(c)(3) organization that provides legal representation to indigent defendants and prisoners who have been denied fair and just treatment in the legal system. EJI also prepares reports, newsletters, and manuals to assist advocates and policymakers in the critically important work of reforming the administration of criminal justice.

**Equal Justice Works** Founded by law students in 1986, Equal Justice Works is a 501(c)(3) nonprofit organization dedicated to creating a just society by mobilizing the next generation of lawyers committed to equal justice. To achieve this, they offer a continuum of opportunities for law students and lawyers that provide the training and skills that enable them to provide effective representation to underserved communities and causes.

**Prison Policy Initiative** Prison Policy Initiative is a non-profit, non-partisan organization that produces cutting edge research to expose the broader harm of mass criminalization, and then sparks advocacy campaigns to create a more just society.
